NURSING DEPARTMENT HIGHLIGHTS

Nursing is core part of our healthcare system in which care for patient, health promotion, disease prevention, curative and rehabilitative health strategies are embedded. The clinical nursing for the nurses plays an important role not only to provide comprehensive care but also enhance the clinical skills. Nursing as profession needs dedication, substantial knowledge and hardwork.

We at Hope Institute of Medical Sciences, help students to achieve Nursing as profession within the health care sector. The nursing courses includes- professional practice, delivery of nursing care, patient centric behaviour, Clinical Courses includes nursing training in hospital's various departments, community care, provide students with well orientation in both sectors and to apply theoretical knowledge to practice.

Hope Institute of Medical Sciences follows the syllabus laid down by the Indian Nursing Council (INC). The course will include the students to take part in rural, urban health camps, educational fields visits, industries etc, the nursing programme will include the academic framework, critical care skills, code of ethics and professional conduct, standards for nursing practice as a profession.

By the end of the programmes, students will be well equipped with great knowledge and skills to pursue a career in Nursing.

Nursing Skills:

- Treating the patient with comprehensive manner.
- Well, Communicating skills with patient and Colleagues.
- Team work with full dedication in given task.
- Leadership quality and well orientation in field of nursing.
- Decision making in every step for patient's health and betterment.
- History and Information gathering skills for accurate treatment of the patient.
